  - Local consulting and debugging
  - FermiGrid
  - OSG
dCache Current Activities (2)

- Development
  - Resilient dCache
  - GridFTP
  - Monitoring
  - PNFS
  - Infrastructure
dCache Personnel

- WBS contains estimated 6+ FTEs of work
  - prioritizes 3 FTEs
- 2 developers, 1 project manager/developer
- This does not include SRM work
Summary

- CCF is willing to help!!
- We currently have more work than can be done by current staff and no plans for additional staff
- More CMS challenges coming this year
- In this greater community in which we all work
  - software needs acceptance
  - Involves commitment by users
  - New work needs this commitment
- CDF has helped with dCache acceptance before
  - talks, conferences...
  - is this envisioned here?
